RE: Lease Rate Cap—Information Request

Per ARTICLE V, Rule 3 of the Cambridge Taxicab Rules and Regulations, the License Commission is authorized to review and set lease caps. In doing so, the Commission considers operating expenses, driver earnings, and other relevant costs associated with owning and managing a Cambridge taxicab medallion. This includes current fare rates, price of gas and general increases in the costs associated with transportation services.

To assist the Board of License Commissioners in making a determination if an increase is needed, and if so, the extent of the increase, we are asking you complete the attached chart and return it to the License Commission by **Thursday, September 6**th. We apologize for the short time provided; however, the Commission needs the information as soon as possible.

Please provide information pertaining only to the medallions that you own. If you are unable to produce data regarding a specific category, please note so in the "Comment" section with a reason as to why. If there is information that has not been requested, but you believe such information would be useful for the Board of License Commissioners to review, please attach it to the sheet provided.

If you are unable to provide information, a meeting of the Board of License Commissioners will be held on Tuesday, September 11th at 6:30 p.m. in the Basement Conference Room of the Lombardi Building located at 831 Massachusetts Avenue. During this time, the Commissioners will take additional comments.

Should you have any questions, please do not hesitate to contact me. I can be reached by telephone at 617.349.6154, or by email, at cpilz@cambridgema.gov.

Thank you for your anticipated cooperation.
